Funds for Construction of [REDACTED]
Laboratory Building

REF : Memorandum dated 2 January 1959 to
Comptroller from the Director of Logistics

25X1A8B

1. The reference requests that [REDACTED] be made available to the Office of Logistics for the construction of a [REDACTED] laboratory and shop building. The cost of this building will be chargeable to a FI Staff allotment account, and the contract should cite the account number certified as available by the FI Staff Budget Officer.

2. It is desired to mention, however, that the source of funds made available to the FI Staff for the building will be obtained by a transfer of allocation in the amount of [REDACTED] from the Office of Logistics to the FI Staff. This is in accordance with an agreement with members of your office in June 1958 when extra Fiscal Year 1958 funds were allotted to your office to effect advance procurement of Fiscal Year 1959 supply requirements. It was agreed at that time that the savings resulting from the advance procurement would be applied to other programs of which the [REDACTED] building was specifically mentioned.

3. This matter has been discussed with the Budget-Fiscal Officer of Logistics and the availability of funds confirmed. However, if you have further questions, I will be glad to discuss them with you at your convenience.
